

FOR IMMEDIATE RELEASE

September 9, 2021

Residents of Luther Special Care Home receive COVID-19 Vaccine Booster.

Residents of Luther Special Care Home will begin receiving the COVID-19 vaccine booster on September 9, 2021.

“Over the last number of weeks, we have advocated for our residents and staff to receive a COVID-19 vaccine booster. We are delighted that the residents of Luther Special Care Home are one of the first long term care homes in Saskatchewan to receive the booster.” says Ivan Olfert, Operations Lead. Olfert added, “We continue our fight against COVID-19 and strive to protect our residents and frontline healthcare workers. We continue to be vigilant with other protective measures such as physical distancing, good hand hygiene and wearing of masks to further prevent transmission.”

Consenting residents who received their second mRNA dose of the COVID-19 vaccine at least 28 days ago, will begin receiving their booster today.
